Strengthen Your Bottom Line with a Well-Built Budget

Wednesday, September 16, 2009

It is tempting to try and be clever in describing the September ALA Webinar on budgeting, but there's not much cleverness in budgeting. It's a difficult task made even more difficult in the current economic state.

Both speakers, Sarah Taylor and Steve Odum, are seasoned ALA members, individuals who have struggled with the same budgeting challenges you are facing now, bringing practical strategies to the program to help build your 2010 budget. You may be an expert or new to the budget process, but whatever role you fill in your organization, you need to find new ways to manage your firm's revenue and expenses.

Join the ALA Webinar, [Strengthen Your Bottom Line with a Well-Built Budget](#), and learn new tips and tactics to share with your staff.

[Register online](#) for a site license for \$169 and open up your office or conference room to an unlimited number of your colleagues. If you cannot attend, [order a CD-ROM](#) or download of the event.

This Webinar qualifies for 1.5 hours of Financial Management (FM) credit good towards CLMSM Recertification and towards the additional hours of education required of Functional Specialists seeking to fulfill the CLM application.
